Steel plates for T-34 tanks manufactured by CKD Sokolovo, Prague-Liben, are supplied by the Foundries (Slevarny) Turcansky Sv. Martin¹ which also supply some of the motors. The remaining motors come from the Tatra national corporation, Koprivnice, and the guns from the V.I. Lenin Works (former Skoda), Pilsen. The CKD Sokolovo plant carries out tests on the steel plates and assembles the tanks.
